Suggested Chamber Music List
Chamber Ensemble Entries May Select From This List

The following is a SUGGESTED list of Chamber Music works to be performed at MSBOA Solo and Ensemble Festivals. Chamber ensembles are 9 to 20 players, one on a part, with all parts being played or as indicated in the score. Where it is a recognized common practice in string chamber groups or woodwind and brass choirs, there may be more than one player on a part. MSBOA encourages the performance of chamber music as an end in itself, and also to promote individual musicianship in a soloistic setting. Just as Solo and Ensemble has always been the backbone of many fine music programs, Chamber Ensemble can serve the same purpose on a larger scale. (See current Yearbook for complete rules). Directors are reminded that Chamber Ensembles must qualify at District Festival to participate at the State level.
